Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Claim Objections

1. Claims 21-38 are objected to because of the following informalities:

Claim 21, "as claimed in Claim 21" should be changed to –as claimed in Claim 20--.

Claims 21-38, in preamble "An improved light distribution device" should be changed to –The improved light distribution device--.

Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 20 is rejected under 35 U.S.C. 102(b) as being anticipated by Endo et al. [US 5,064,276].

Regarding claim 20, Endo et al. discloses a light distribution device for a backlight module having a reflector mask [4D], multiple light sources [4B both sides] located above the reflector mask [4D], multiple optical films [3D, 3E], a diffuser plate [6] located above the light sources [4B], a liquid crystal display [3A – 3C] located above the optical films [3D, 3E], wherein each light source [4B] is spaced apart from an adjacent

light source; at least one light distribution device [4A] located on an upper surface of the reflector mask [4D], the at least one light distribution device [4A] located in the space between adjacent light sources [4B], the light distribution device [4A] being configured to both refract and diffuse light [cause by micro prisms 4b on its surface] originating from the light sources [4B] towards the diffuser plate [6] (figure 1, column 3 and column 4).

Allowable Subject Matter

4. Claims 21-38 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. The following is a statement of reasons for the indication of allowable subject matter:

Claim 21 recites the light distribution device is formed as a solid stick structure, which is not disclosed or suggested by the prior art of record.

Claims 22-38 are dependent on claim 21.

Response to Amendment

6. Applicant's amendment and arguments with respect to new claims 20-38 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Deloy [US 6,336,728] discloses a flat panel display light guide.
8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
